## WINCHESTER

Among the myriad of war plays deal-  
ing with the disrupted days between  
the North and South there are few that  
have met with heartier approval than  
"Winchester." This latest war drama  
is from the pen of Edward McWade.  
It is strongly melodramatic and has as  
its chief situations a number of excit-  
ing scenes, the overthrowing of all but  
the thrilling moonlight ride of the  
heroine from Winchester to Kearns-  
town, where, amid numerous obstacles,  
including the shooting of the villain,  
she delivers the reprieve, thus saving  
her lover from paying the penalty of  
death. A carload of special scenery,  
properties and electrical effects are  
utilized scenically and mechanically,  
and two thoroughbred race horses are  
carried to vividly portray the thrilling  
ride described above. At Washington  
Opera-house Wednesday, February 18th.  
Seats are now on sale at Nelson's, Mar-  
ket street.

We personally guarantee this com-  
pany to be a first class one in every re-  
spect and plays at the best city theaters.

## PAVED THE WAY.

Move For Good Streets Started  
By Council Last Night.

## MAYOR STALLCUP'S COMMITTEE.

The City Dads met in special session  
last night to consider several important  
matters to the citizens of Maysville.

Upon roll-call all members answered  
to their names except Councilmen H.  
G. Wells, T. A. Keith and James Cum-  
mings.

The first business to come up was the  
report of the Claims and Accounts Com-  
mittee in regard to the matter of F. Stan-  
ley Watson's report several months ago  
on the listing and collection of taxes  
due the city that had been omitted by  
the Assessor.

That Committee reported as follows,  
which was adopted:

MAYSVILLE, KY., Feb. 16, 1903.

To the Honorable Board of Council of  
the City of Maysville—Gentlemen: We,  
the Committee on Claims and Accounts,  
have investigated the claim of F. Stan-  
ley Watson, and recommend that the  
contract be rescinded and the two  
checks—one for \$10.75 and one for \$304—  
be placed in the Treasurer's hands un-  
til further action.

J. H. CUMMINGS, Chairman;  
THOMAS A. KEITH,  
L. J. HARDING,  
W. H. MEANS,  
R. R. FROST,  
H. G. WELLS.

The two checks were afterward re-  
ferred to City Attorney Wood.

The vote on the adoption of the report  
of the Committee was—

Yeas—Messrs. Clinger, Hutchison,  
Means, Short, J. E. Wells, Harding,  
Frost.

Nays—Messrs. Hersch, Eitel.

The "rider" that was brought before  
Council last meeting, night by Hon. C.  
L. Salice was tabled.

Mayor Stallcup announced that he  
had thought it advisable to increase the  
number of the Special Committee to re-  
port to Council on the question of  
streets, and the following were named:

From Council—John W. Eitel, R. R.  
Frost, George M. Clinger, John T.  
Short, John E. Wells, M. C. Hutchison,  
Chairman Ways and Means Committee  
Thomas A. Keith.

From Citizens—Messrs. Charles D.  
Pearce, Thomas E. Pickett, John M.  
Hunt, H. L. Newell, A. C. Sphar, Wil-  
liam D. Cochran.

From Banks—Messrs. J. F. Barbour,  
W. W. Ball, S. M. Hall, John A. Reed.

From Press—Messrs. Thomas A.  
Davis, M. F. Marsh.

From Board of Trade—Mr. John  
Duley, City Attorney Thomas M. Wood,  
Mayor W. E. Stallcup, ex-officio.

The Mayor was instructed to call the  
Committee together as soon as possible  
and have a report on what kind of  
streets they wanted, where they were  
mostly desired and whether they should  
be voted for at a special election or the  
next general election.

Council then adjourned.

## Catarrrh Cannot Be Cured

With local applications, as they cannot reach the  
seat of the disease. Catarrrh is a blood or constitu-  
tional disease, and in order to cure it you must  
take internal remedies. Hall's Catarrrh Cure is  
taken internally and acts directly on the blood  
and mucous surfaces. Hall's Catarrrh Cure is not  
a quick medicine. It was prescribed by one of the  
best physicians in this country for years and is a  
regular prescription. It is composed of the best  
tonic known, combined with the best blood puri-  
fiers, acting directly on the mucous surfaces. The  
perfect combination of the two ingredients is what  
produces such wonderful results in curing Cat-  
arrrh. Send for testimonials free.

merly of this city, was Saturday fined

## A Weak Stomach

causes a weak body and invites disease. Kodol  
Dyspepsia Cure cures and strengthens the stom-  
ach, and wards off and overcomes disease. J. H.  
Taylor, a prominent merchant of Ubrauman, Tex.,  
says: "I could not eat because of a weak stomach.  
I lost all strength and run down in weight. All  
that money could do was done, but all hope of re-  
covery vanished. Hearing of some wonderful  
cures effected by the use of Kodol, I concluded to  
try it. The first bottle benefited me, and after  
taking four bottles I am fully restored to my usual  
strength, weight and health." J. Jas. Wood &  
Son.

# A WHITE SALE

Usually when merchants want to emphasize a special sale of  
any kind they offer to give more for the money than you can possi-  
bly get elsewhere. Now we propose to do just the reverse. The  
lawn, dainties, organdies, laces and embroideries we will have on  
sale this week are so fine and sheer, in buying them you will get  
less weight and thickness than you could easily procure elsewhere  
for the same amount of money. All the desirable white fabrics are  
here—the best of each kind and the prettiest we could find. This  
spring and summer will be pre-eminently a white season. White  
shirtwaists and gowns will be more popular than ever. A sensible  
popularity it is. White fears neither sun nor wash.

Fashions for cotton goods are now assured and this is a good  
time for sewing—before the lassitude of spring and the rush of  
house cleaning. These are some of the favorite fabrics:

French Lawn, 48 inches wide, 50c and 75c yard.  
French Organdie, 68 inches wide, 25c to \$1 yard.  
Swiss Muslin, 32 inches wide, 15c to 50c yard.  
Dotted Swiss Muslin, 30 inches wide, 25c to 50c yard.

French Nainsook, 45 inches wide, 15c, 19c and 25c yard.  
India Linen, 32 inches wide, 6 1/2c to 25c yard.  
White Pique, 30 inches wide, 15c to 50c yard.  
Fancy and Lace Striped Lawn, 30 inches wide, 8 1/2c to 50c yd.  
Mercerized Madras, 30 inches wide, 25c, 35c and 50c yard.  
Mercerized Yale Cloth, 30 inches wide, 35c and 50c yard.  
Irish Linen, 36 inches wide, 35c yard.  
Fancy and Plain Dainties, 30 inches wide, 15c to 50c yard.  
Persian Lawn, 30 inches wide, 25c yard.  
French Mull, 30 inches wide, 35c yard.

EMBROIDERIES, from the modest edging to elaborate skirt  
widths, ranging in price from 5c to \$1.

Laces in Val, German Torchon, Point Anglaise, Point de  
Paris and Cheny. Match edgings and insertions various widths.  
Prices from 1 1/2c to 50c a yard.

The store is given up to the White Goods. Come now while  
stocks are full and choosing easy.

## CHANGE OF BASE.

Big Damage Suit Against C. and O.  
Moved to Federal Court.

The case of George A. Shaw and  
Harry B. Irwin, doing business as  
Shaw, Irwin & Co., against the C. and  
O. Railroad Company for \$10,000 actual  
damages and \$75,000 exemplary damages  
alleged to have been sustained by the  
defendant company failing to deliver  
a consignment of merchandise valued  
at \$14,000 to customers of the plaintiff  
in Virginia in a reasonable time, it  
occupying fifteen days in transporting  
the same, when the usual time is thirty-  
six hours, has been removed to the  
United States District Court in Covington.

## The Easy Pill.

McWitt's Little Early Risers do not gripe nor  
weaken the system. They cure biliousness,  
jaundice, constipation and liver troubles by  
arousing the secretions, moving the bowels gently  
yet effectually, and giving such tone and strength  
to the glands of the stomach, liver and bowels  
that the cause of the trouble is removed entirely.  
These famous little pills exert a decided tonic ef-  
fect upon the organs involved, and if their use is  
continued for a few days there will be no return  
of the trouble. J. Jas. Wood & Son.

One Minute Cough Cure gives relief in one min-  
ute, because it kills the microbe which tickles the  
nervous membrane, causing the cough, and at the  
same time clears the phlegm, draws out the in-  
flammation and heals and soothes the affected  
parts. One Minute Cough Cure strengthens the  
lungs, wards off pneumonia and is a harmless and  
never failing cure in all curable Coughs, Colds  
and Croup. One Minute Cough Cure is pleasant  
to take, harmless and good alike for young and  
old. J. Jas. Wood & Son.

The Democratic voters of the Nineteenth Judicial District reversed Judge HARBESON's traducers about 730 per cent.

The little penny-a-liners who attacked Judge HARBESON in their papers can now measure their influence. It won't take a very long rule or a very large thimble.

Some one must have sold stock in the inception of these companies, and thousands and tens of thousands of investors made the greatest share of the profits by becoming purchasers. Nothing of magnitude in local enterprises ever proves a success without the aid of outside capital. It is the history of most great and successful companies, in mining especially, that the combination of the investments of the many has universally created the profits and rendered possible great enterprises. Without this division of interest, through the medium of capitalization, there would have been no great mining successes that produce nearly one-third of the annual wealth of our country.

JOHN D. ROCKEFELLER, JR., supposed to be about the richest young man in America, owes \$400,000 and has only \$30,000 worth of personal property, according to the statement filed with the Department of Taxes and Assessments in New York. Mr. ROCKEFELLER was assessed at \$500,000. From what could be learned at the tax office Mr. ROCKEFELLER called there and stated that he had \$400,000 in debts, and that his personal property above his debts was worth only \$30,000, but he was willing to pay taxes on an assessment of \$50,000. The Commissioners accepted Mr. ROCKEFELLER's figures. If the New York Assessors will send JOHN down this way, STANLEY WATSON will make his \$30,000 look exactly like thirty cents.

THE total membership of the Y. M. C. A. in Kentucky is at present over 7,000; how many "over" that number is not stated, but judging from some of the voting in the recent library contest, there must be several hundred thousand of them in Maysville.

L. KAREM, a Louisville Democratic ward heeler, was convicted in Judge EVANS's Court for preventing colored men from voting at the Taylor-Goebel election in 1899. His Attorneys carried the case to the Federal Court of Appeals, and that Court has decided that there is no punishment for preventing Negroes from voting at state elections, the Constitutional amendment applying to Federal elections only. What a picnic our Goebelite friends will have in Kentucky state elections in the future!

COLONEL A. Y. FORD, Managing Editor of The Courier-Journal, was one of the speakers at the Rev. Dr. E. L. POWELL's banquet in Louisville a few evenings ago, his remarks mainly directed to a brighter and a better future for Kentucky. Among others, he uttered this noble and hopeful sentiment—

"Let us hope for a different brand of politics. It would be impossible to estimate the injury that has been done by that species of politics which, having at heart no real issue except the offices, casting about for the most plausible pretense with which to excite the suffragists, has made ducks and drakes of many a fair promise of prosperity. It is mortifying to observe what poor stuff will suffice for campaign material in a pinch. We are largely governed by catch phrases which are a good enough Morgan for any campaign, so long as they stampede men into voting the straight ticket. Put almost any sophistry, however false, into a mouth-filling slogan, or frame it in jingling alliteration, and it will do almost as well as a real argument."

Political Pickings

AGITATORS AGITATED.

Louisville Evening Post.

The agitators in the South, fearing the effect of the course Mr. Roosevelt was pursuing would destroy their power, began a campaign of deliberate falsification, suppressing facts, distorting facts and inventing figures. Confronted now by the facts, they ask "what has this to do with it? It is the spirit we object to." It has pleased these gentlemen to contrast the attitude of President McKinley in relation to Negroes in office to that of Mr. Roosevelt. The facts show that there has been progress and that Mr. Roosevelt has appointed fewer and better Negroes than his predecessor. It is objected that Negroes attend White House receptions. It is shown that they have attended White House receptions ever since the War and as numerous during Mr. Cleveland's term as now. Such a campaign may serve a temporary purpose, but a temporary purpose only.

## LESSON IN AMERICAN HISTORY IN PUZZLE

THE BATTLE OF TIPPECANOE.  
Find "The Prophet," Tecumseh's Brother.

With the beginning of the nineteenth century emigration began pouring across the mountains into the valley of the Ohio and the Mississippi. The Indians opposed every step gained, and Tecumseh attempted to form a coalition between the tribes for the extermination of the whites, and notified Gen. Harrison, then governor of the Northwest territory, that his people would not consent to the occupation of their lands by the whites. To give protection to the advancing line of settlement Gen. Harrison pushed further into the Indian territory in the valley of the Wabash. At the Tippecanoe river he met the forces of the Prophet, a brother of Tecumseh, who attempted a night attack on November 7, 1811. Gen. Harrison was prepared for it, however, and though losing 60 men killed and 100 wounded, he defeated the Indians and scattered them with great loss.

## PUNY CHILDREN

TOO MANY OF THEM DIE.

Their Little Bodies Unable  
to Stand the Ordeal of  
Development.WE THINK EVERY MOTHER IN  
THIS TOWN SHOULD KNOW  
ABOUT VINOL.It is the Delicious Tonic We  
Advise for Growing  
Children.

Is your boy or girl pale and listless? Do they act differently from other children? Do they sleep poorly and eat poorly? Does your boy avoid the sports and games of other boys? Does your girl complain of headache and find her studies a hardship? If so, you may make up your mind they are growing too fast. They need something to help nature in her great work of furnishing the necessary elements for creating flesh and muscle tissue, bone structure and rich, pure, red blood.

They need a tonic in the full sense of the word and we can tell you what to get.

It is Vinol Wine of Cod-Liver Oil, the great modern reconstructer. Children like it, it is so delicious to the taste, in spite of the fact that it contains a highly concentrated extract of the medicinal principles that are found in cod-liver oil.

But because the vile-smelling and tasting grease has been discarded and all of the other disagreeable features eliminated, the benefits of Vinol are easily understood.

Vinol acts favorably on the stomach, creates an appetite and enables the food that is eaten to do the greatest possible amount of good.

Following is a letter that bears directly on this subject:

"I was all run down and took Vinol. It did me so much good and it was so pleasant to take that I gave it to my children. They were growing fast and needed something in the way of a tonic and I found it to be just the thing for them."—SARAH PICKERING, 1932 Fall River, Mass.

We cordially invite mothers interested in the welfare of their children, as well as any one else needing a safe and delicious tonic, restorer and rejuvenator, to call on us. We will gladly tell any one all we know about Vinol and why we so highly endorse it.

Inasmuch as we are always ready and pleased to refund the cost of Vinol to those who don't find it exactly what we claim it to be, it will be seen that we are prepared to substantially endorse our claims for the excellence of this marvelous preparation.

At Louisville the Rev. E. L. Only years can bring fullness of knowledge. Wisdom is always a product of experience; and experience is an important thing in the drug business.

Theory may imagine it knows, but experience knows it knows, and knows why it knows.

This store is 30 years old. It has served the community long and well. It is a full-grown drugstore, and its growth has been along progressive lines. Its trade is founded on confidence—a confidence that has grown with years because there has been this basis for it:

## GLOOMY PREDICTION.

Hon. John S. Wise of Virginia Looks  
For a Race Riot.

"Fends and fights between the white and colored races in the South indicate that our country is rapidly approaching a fearful crisis," said John S. Wise of Virginia at the annual banquet of the Middlesex Club in Boston in celebration of the ninety-fourth birthday of Abraham Lincoln. Wise confined his toast to the Negro problem and among other things said:

"The white race is proud. The black race is gentle, but it is not below the worm. Some day here in Boston you will read in your morning papers of a great organized outbreak of blacks, murdering white men and women and how the infuriated whites are slaughtering in retaliation. Whom will you help—the whites? Then, why, in God's name, have you encouraged the blacks so long? Will you help the Negroes? Then, you will find the struggle transferred, even to New England. The Nation must say to the South: 'Either obey the Constitutional mandate and let the Negro vote or else submit to a reduction of Congressional representation.'"

"This question," Wise asserted, "is the most living, burning issue now before the American people, a legacy of Lincoln, and it must be adjudged because it is most dangerous."

## PRICE GREATLY REDUCED!

London Dealers Knock Off \$100,000  
a Pound on Radium.

It was indeed comforting to learn, in a cable dispatch from London, that the price of radium had been reduced from \$1,000,000 to \$300,000 a pound.

Many had come to the conclusion that a million dollars for one small pound was rather exorbitant and were preparing to do without it.

An English chemist has made the public announcement that he is ready to sell the precious metal at the rate of eight shillings a milligram, or at the rate of \$2,000,000 for every two and three-tenths pounds—in other words, a kilo. He has made no wholesale price, chiefly because he has only about one hundred milligrams on hand. In the entire world there are about two pounds, and the chances are that there will be no oversupply before spring.

Radium is a scientific sensation. It is said to be the most important discovery in the last generation and epochal in the history of science. Described briefly, it is a powder, a combination of metals, which gives off a light almost as strong as the light of the sun. It is as far ahead of Roentgen Rays, the scientific sensation of six years ago, as these rays are ahead of twilight.

When the so-called X-rays scientists actually photographed the bones of living persons laymen were awed. This accomplishment would be the merest child's play for radium. With it a photograph can be taken through three feet of iron or a foot of lead. Its value to surgery, to medical science and physical science cannot even be approximated. To modern scientific research it is what the discovery of the telescope was to astronomy.

Leading scientists all over the world are just now looking with keenest anxiety to the results of experiments being made with the singular metal. New York physicians hope to be able to make the first announcement. They are hard at work.

## BARGAIN BABIES.

If babies were for sale the most inveterate bargain-hunting woman in the world would not look for a bargain baby. She would want the best baby that could be bought, regardless of price.

Every woman naturally craves a healthy, handsome child, and her craving can be gratified if she will but remember that the child's health is her own gift, and to give health she must

have it to give. Mothers whose babies have been weak and puny have nursed in strength their first strong child after using Dr. Pierce's Favorite Prescription. It is the best preparative for maternity, encouraging the appetite, quieting the nerves and inducing refreshing sleep. It gives the mother strength to give her child, and makes the baby's advent practically painless.

Dr. Pierce's Pleasant Pellets are the best and safest laxative for the use of delicate women.

## Paine's Celery Compound

### The Great Nerve Builder and Blood Purifier.

#### A Remarkable Restoration to Health After Failures of Physicians.

Fully half of the indolent, weakly, and sick people around us are victims of nerve troubles and unhealthy blood. They seem to forget one important fact, "that the nerves regulate the blood supply through the body." It is now an accepted truth that upon the action of the nerves depends health and happiness. Diseased and flabby nerves bring on insomnia, dyspepsia, headache, prostration, irritability, and lassitude; these in due course cause more serious ills. Paine's Celery Compound is the only medicine that can bestow a full and lasting measure of health to men and women who suffer from nerve and blood troubles. This wonderful agent feeds, nourishes, and strengthens all the nerve centers, purifies and enriches the blood, tones the stomach, and invigorates the entire nervous system. Miss Mary Dahl, Richville, Mich., writes thus:

"For two years I have suffered with dyspepsia, debilitated nervous system and palpitation of the heart. I had an awful bad feeling in my stomach, and a bad taste in my mouth. I tried three different physicians but could gain no relief from any of them. At last I heard of Paine's Celery Compound, used it, and owe my restoration to health to my use of that grand medicine. I only took four bottles, and it cured me."

#### MIKE DIDN'T KNOW THEM.

Arrest of Two Alleged Robbers at Huntington—Wanted Here.

Cattletown Press.  
Elba Jackson and Esta Clark were arrested in Huntington at an early hour yesterday morning by Chief of Police Morris Davis.

They were wanted at Maysville, where they robbed an old soldier of more than \$70.

Chief of Police Donovan of Maysville left for that place with the prisoners in charge.

An odd thing about the case is that the prisoners went up to Huntington on a Camden Interstate Streetcar from this city and on the same car with them was the Maysville Chief, searching for them. Although he had their descriptions in his pocket, they had so disguised themselves that he did not recognize them and they arrived at Huntington in safety, only to be arrested later.

## TORTURING DISFIGURING

### Skin, Scalp and Blood Humours

Speedily Cured by Cuticura Soap, Ointment and Pills

When the Best Physicians and All Else Fail.

The agonizing itching and burning of the skin, as in eczema; the frightful scaling, as in psoriasis; the loss of hair and crusting of the scalp, as in scalled head; the facial disfigurements, as in pimples and ringworm; the awful suffering of infants, and anxiety of worn-out parents, as in milk crust, tetter and salt rheum,—all demand a remedy of almost superhuman virtues to successfully cope with them. That Cuticura Soap, Ointment and Pills are such stands proven beyond all doubt. No statement is made regarding them that is not justified by the strongest evidence. The purity and sweetness, the power to afford immediate relief, the certainty of speedy and permanent cure, the absolute safety and great economy have made them the standard skin cures, blood purifiers and humour remedies of the civilized world.

Battle the affected parts with hot water and Cuticura Soap, to cleanse the surface of crusts and scales, and soften the thickened cuticle. Dry, without hard rubbing, and apply Cuticura Ointment freely, to allay itching, irritation and inflammation, and soothe and heal, and, lastly, take the Cuticura Resolvent Pills, to cool and cleanse the blood. This complete treatment, costing but one dollar, affords instant relief, permits rest and sleep in the severest forms of eczema and other itching, burning and sealy humours of the skin, scalp and blood, and points to a speedy, permanent and economical cure when all other remedies and the best physicians fail.
